17. What should I do if I have a complaint about my child's SEN support?	12
18. What support is available for me and my family?	12
19. Glossary	13

Dear Parents and Carers,

The aim of this information report is to explain how we implement our SEND policy. In other words, we want to show you how SEND support works in our school.

If you want to know more about our arrangements for SEND, please read our SEND policy. You can find it on our website <https://www.rothersthorpeprimary.net/>

Note: *If there are any terms we've used in this information report that you're unsure of, you can look them up in the Glossary at the end of the report.*

1. What types of SEN does the school provide for?

Our school provides for pupils with the following needs:

AREA OF NEED	CONDITION
Communication and interaction	Autism spectrum disorder
	Speech and language difficulties
Cognition and learning	Specific learning difficulties, including dyslexia, dyspraxia, dyscalculia
	Moderate learning difficulties
	Severe learning difficulties
Social, emotional and mental health	Attention deficit hyperactive disorder (ADHD)
	Attention deficit disorder (ADD)
Sensory and/or physical	Hearing impairments
	Visual impairment
	Multi-sensory impairment
	Physical impairment

2. Which staff will support my child, and what training have they had?

SENCO

Our SENCO is Hannah McStraw – h.mcstraw@rothersthorpe.innovatemat.org

They have 13 years of teaching experience and have worked across all key stages from EYFS to KS2 is an experienced subject leader, and Designated Safeguarding Lead. They are a qualified teacher and also the Deputy Head of School. Our supporting Trust SENCO is Zoe Reed - zoe.reed@innovatemat.org

Class/subject teachers

All of our teachers receive in-house SEN training, and are supported by the SENCO to meet the needs of pupils who have SEN. All staff have access to The National College – an online CPD site that offers hundreds of training sessions across a variety of SEND needs, including but not limited

to: SEMH, ASD, ADHD, sensory needs, Dyslexia, behaviour, relationships, complex SEND, PDA, Hidden SEND, Neurodiversity, SEND and the EEF guidance.

Teaching assistants (TAs)

We have a team of TAs who are trained to deliver SEN provision.

In the last academic year, TAs have been trained in phonics, safeguarding, deaf awareness, prevent, EEF principles for SEND support and the SEND ranges.

External agencies and experts

Sometimes we need extra help to offer our pupils the support that they need. Whenever necessary we will work with external support services to meet the needs of our pupils with SEN and to support their families. These include:

- Speech and language therapists
- Teacher of the Deaf
- Educational psychologists
- Occupational therapists
- GPs or paediatricians
- School nurses
- Child and adolescent mental health services (CAMHS)
- Specialist SEND Support Services
- Education welfare officers
- Social services and other LA-provided support services
- Behaviour specialists
- Voluntary sector organisations

3. What should I do if I think my child has SEN?

Tell us about your concerns

We will invite you to a meeting to discuss them

We will decide whether your child needs SEN support

If you think your child might have SEN, the first person you should tell is your child's teacher. You can do this via class Dojo, email or through contacting the school office.

We will meet with you to discuss your concerns and try to get a better understanding of what your child's strengths and difficulties are.

If we decide that your child needs SEN support, we will formally notify you in writing and your child will be added to the school's SEND register.

They will pass the message on to our SENCO, Hannah McStraw who will be in touch to discuss your concerns.

You can also contact the SENCO directly.
h.mcstraw@rothersthorpe.innovatemat.org

Together we will decide what outcomes to seek for your child and agree on next steps.

We will make a note of what's been discussed and add this to your child's record. You will also be given a copy of this.

[4. How will the school know if my child needs SEN support?](#)

We will assess each pupil's current skills and levels of attainment when they start at the school. This will build on information from previous settings and Key Stages, where appropriate. We will also consider any evidence indicating that the pupil may have a disability and if so, what reasonable adjustments the school may need to make.

- Class teachers will regularly assess the progress of all pupils and identify any whose progress:
 - Is significantly slower than that of their peers starting from the same baseline
 - Fails to match or better their previous rate of progress
 - Fails to close the attainment gap between them and their peers
 - Widens the attainment gap
 - This may include progress in areas other than attainment, for example, wider development or social needs.

When teachers identify an area where a pupil is making slow progress, they will target the pupil's area of difficulty with scaffolded, high-quality teaching. If progress does not improve, the teacher will implement interventions that target the specific learning need. Class teachers will refer to the SEND ranges guidance to identify appropriate support for the pupil. If this timely intervention does not have the expected impact then the class teacher will raise the issue with the SENCo to have an initial discussion about whether this lack of progress may be due to a special educational need. The class teacher will complete a referral form adding details of current interventions and adaptations to teaching. Where necessary the SENCo will, in consultation with the pupil's parents or carers, consider consulting an external specialist. The SENCo will use the SEND Ranges guidance (2022) to plan and source appropriate support for the pupil.

The SENCo may seek additional support and guidance from the trust SENCo.

Slow progress and low attainment will not automatically mean a pupil is recorded as having SEND.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEND for pupils whose first language is not English.

When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- Their previous setting has already identified that they have SEND
- They are known to external agencies
- They have an education, health and care plan (EHCP)

Then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so support can be put in place as early as possible.

[5. How will the school measure my child's progress?](#)

Once a pupil has been identified as having SEND, and following two cycles of class teacher led intervention, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach.

Assess

The pupil's class teacher and the SENCo will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents will be taken into account. The school may also seek advice from the trust SENCo and external support services.

The assessment will be reviewed termly to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

Plan

In consultation with the parents, external agencies and the pupil, the teacher and the SENCo will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded and made accessible to staff in a one page profile and APDR support plan.

Parents will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

Do

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching.

The SENCo will support the teacher in further assessing the pupil's particular strengths and difficulties, in problem solving and advising on how to implement support effectively.

Review

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents and pupils
- The level of progress the pupil has made towards their outcomes
- The views of teaching staff who work with the pupil
- The teacher and the SENCo will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents.

[6. How will I be involved in decisions made about my child's education?](#)

We will provide termly reports on your child's progress. Your child's class teacher will meet you three times per year to:

- Set clear outcomes for your child's progress
- Review progress towards those outcomes
- Discuss the support we will put in place to help your child make that progress
- Identify what we will do, what we will ask you to do, and what we will ask your child to do

The SENCO may also attend these meetings to provide extra support.

We know that you're the expert when it comes to your child's needs and aspirations. So we want to make sure you have a full understanding of how we're trying to meet your child's needs, so that you can provide insight into what you think would work best for your child.

We also want to hear from you as much as possible so that we can build a better picture of how the SEN support we are providing is impacting your child outside of school.

If your child's needs or aspirations change at any time, please let us know right away so we can keep our provision as relevant as possible.

After any discussion we will make a record of any outcomes, actions and support that have been agreed. This record will be shared with all relevant staff, and you will be given a copy.

If you have concerns that arise between these meetings, please contact your child's class teacher.

[7. How will my child be involved in decisions made about their education?](#)

The level of involvement will depend on your child's age, and level of competence. We recognise that no 2 children are the same, so we will decide on a case-by-case basis, with your input.

- We may seek your child's views by asking them to:

- Attend meetings to discuss their progress and outcomes
- Completing a One Page Profile
- Prepare a presentation, written statement, video, drawing, etc.
- Discuss their views with a member of staff who can act as a representative during the meeting
- Complete a survey

[8. How will the school adapt its teaching for my child?](#)

Your child’s teacher is responsible and accountable for the progress and development of all the pupils in their class.

High-quality teaching is our first step in responding to your child’s needs. We will make sure that your child has access to a broad and balanced curriculum in every year they are at our school.

We will adapt how we teach to suit the way the pupil works best. There is no '1 size fits all' approach to adapting the curriculum, we work on a case-by case basis to make sure the adaptations we make are meaningful to your child.

These adaptations include:

- Differentiating our curriculum to make sure all pupils are able to access it, for example, by grouping, 1-to-1 work, adapting the teaching style or content of the lesson, etc.
- Differentiating our teaching, for example, giving longer processing times, pre-teaching of key vocabulary, reading instructions aloud, etc.
- Adapting our resources and staffing
- Using recommended aids, such as laptops, coloured overlays, visual timetables, larger font, etc.
- Teaching assistants will support pupils on a 1-to-1 basis when identified in an EHCP or if deemed necessary by the school.
- Teaching assistants will support pupils in small groups as directed by the class teacher or SENCO.

We may also provide the following interventions:

AREA OF NEED	CONDITION	HOW WE SUPPORT THESE PUPILS

Communication and interaction	Autism spectrum disorder	Visual timetables Social stories Quiet area Sensory breaks Sensory circuits Additional time
	Speech and language difficulties	Speech and language therapy Colourful semantics
Cognition and learning	Specific learning difficulties, including dyslexia, dyspraxia and dyscalculia	Coloured overlays Writing slope Quiet workstation
	Moderate learning difficulties	Sensory breaks
	Severe learning difficulties	Sensory circuits Visual timetables Additional time Pre-teaching
Social, emotional and mental health	ADHD, ADD	Quiet workstation Sensory breaks Sensory circuits Visual timetables Additional time Emotion interventions
	Adverse childhood experiences and/or mental health issues	Nurture groups
Sensory and/or physical	Hearing impairment	Radio Aids
	Visual impairment	
	Multi-sensory impairment	
	Physical impairment	

These interventions are part of our contribution to West Northamptonshire's local offer.

9. How will the school evaluate whether the support in place is helping my child?

We evaluate the effectiveness of provision for pupils with SEND by:

- Tracking pupils' progress, including by using provision maps
- Carrying out the review stage of the graduated approach in every cycle of SEND support
- Using pupil questionnaires
- Monitoring by the SENCo/school leader/SEND Governor
- Monitoring by the trust SENCo/CEO/SEND director
- Holding annual reviews for pupils with EHC plans
- Getting feedback from the pupil and their parents
- Completing SEND audits of provision

[10. How will the school resources be secured for my child?](#)

When specialist equipment or a high level of staffing support is required to support a pupil with special educational needs, our school will fund this as additional SEN support up to £6,000 per annum for each individual pupil. Thereafter, if the cost is higher and the provision of these facilities is likely to be prolonged, the school will apply to the Local Authority for Targeted SEND Funding.

Specialist equipment and expertise in relation to its use will be purchased/hired/ commissioned by the school from the open market, subject to the usual guarantees, service level agreements and quality assurance criteria. Our school will, wherever possible, join with other schools in joint purchasing/hire of equipment.

All staffing appointments to support vulnerable learners will be carried out in accordance with equal opportunities legislation, employment law, safer recruiting policy and best practice. All vacancies will be competitively advertised and recruited.

[11. How will the school make sure my child is included in activities alongside pupils who don't have SEND?](#)

As an inclusive school, we do everything we can to ensure that pupils of all abilities and needs are fully included in the life of the school. Where appropriate and legitimate, we endeavour to provide different ways for all learners to access the same learning experience, rather than withdrawing pupils and providing an entirely different activity.

Our deployment of additional staffing and resources funded from our devolved additional needs budget through the Local Offer, ensure that all curriculum experiences are available to all pupils in the school (eg educational visits, extra-curricular activities), particularly where a voluntary financial

contribution from parents is required for the activity to run. This is in compliance with the Equality Act 2010.

All lesson planning seeks to address the learning needs of all pupils in the class. Teachers receive regular training and support to ensure they are skilled in differentiating the curriculum for vulnerable learners. When subject coordinators monitor planning, work and progress data and when they or senior leaders carry out observations of teaching and learning in classrooms, particular attention is given to whether the ongoing learning offer is inclusive.

Pupils are encouraged to analyse how they themselves learn and there is an ongoing dialogue about this in our classroom. Pupils are given the opportunity and support to develop self-help strategies to ensure their full access to the curriculum.

[12. How does the school make sure the admissions process is fair for pupils with SEN or a disability?](#)

No child will be refused admission to school on the basis of his or her special educational need, ethnicity or language need. In line with the Equalities Act 2010, we will not discriminate against disabled children and we will take all reasonable steps to provide effective educational provision (*see Admission policy for the school, as agreed with the Local Authority*)

[13. How does the school support pupils with disabilities?](#)

Please see the school's accessibility plan for further information.

[14. How will the school support my child's mental health and emotional and social development?](#)

At Rothersthorpe School we take all of our pupil's well being very seriously. In doing so, we will address the needs of each child on a case by case basis and act accordingly. In the past we have provided:

- social support programmes including Time to Talk
- involvement from outside agencies (e.g. Target Autism, Jogo Behaviour) to support children's emotional needs
- referral to the SEMH panel for support
- 1:1 or small group activities focussing on nurture
- quiet areas to work/ relax
- mindfulness activities
- meet and greet

Pupils with SEN are encouraged to be part of the school council and are also encouraged to be part of school clubs, for example archery, to promote teamwork/building friendships etc.

We have a zero tolerance approach to bullying.

[15. What support will be available for my child as they transition between classes or settings, or in preparing for adulthood?](#)

Between years

To help pupils with SEND be prepared for a new school year we may:

- Ask both the current teacher and the next year's teacher to attend a final meeting of the year when the pupil's SEN is discussed
- Schedule lessons with the incoming teacher towards the end of the summer term
- Between schools
- When your child is moving on from our school, we will share the child's SEND file with the new school and be available to discuss the contents where needed.

Between phases

The SENCO of the secondary school will come into our school for a meeting with our SENCO. They will discuss the needs of all the children who are receiving SEN support.

Pupils will be prepared for the transition by:

- Practising with a secondary school timetable
- Learning how to get organised independently
- Plugging any gaps in knowledge
- Additional visits if needed

[16. What support is in place for looked-after and previously looked-after children with SEN?](#)

The SENCO will work to make sure that all teachers understand how a looked-after or previously looked-after pupil's circumstances and their possible SEN might interact, and what the implications are for teaching and learning.

Children who are looked-after or previously looked-after will be supported much in the same way as any other child who has SEND. However, looked-after pupils will also have a personal education plan (PEP). We will make sure that the PEP and any SEN support plans or EHC plans are consistent and complement one another.

[17. What should I do if I have a complaint about my child's SEN support?](#)

If there are any complaints relating to the provision for children with SEN or EAL these will be dealt with in the first instance by the class teacher and SENCO, then, if unresolved, by Head of School.

The governor with specific responsibility for SEN/inclusion may be involved if necessary. In the case of an unresolved complaint the issue should be taken through the general Governors complaints procedure (see separate Complaints Policy)

The parents of pupils with disabilities have the right to make disability discrimination claims to the first-tier SEND tribunal if they believe that our school has discriminated against their children. They can make a claim about alleged discrimination regarding:

- Exclusions
- Provision of education and associated services
- Making reasonable adjustments, including the provision of auxiliary aids and services

[18. What support is available for me and my family?](#)

If you have questions about SEND, or are struggling to cope, please get in touch to let us know. We want to support you, your child and your family.

Please refer to our School's Safeguarding Policy for details of how we access the EHA team and Multi-Agency Safeguarding Hub.

[19. Glossary](#)

Access arrangements – special arrangements to allow pupils with SEND to access assessments or exams

Annual review – an annual meeting to review the provision in a pupil's EHC plan

Area of need – the 4 areas of need describe different types of needs a pupil with SEND can have. The 4 areas are communication and interaction; cognition and learning; physical and/or sensory; and social, emotional and mental health needs.

CAMHS – child and adolescent mental health services

Differentiation – when teachers adapt how they teach in response to a pupil's needs

EHC needs assessment – the needs assessment is the first step on the way to securing an EHC plan. The local authority will do an assessment to decide whether a child needs an EHC plan.

EHC plan – an education, health and care plan is a legally-binding document that sets out a child's needs and the provision that will be put in place to meet their needs.

First-tier tribunal/SEND tribunal – a court where you can appeal against the local authority's decisions about EHC needs assessments or plans and against discrimination by a school or local authority due to SEND

Graduated approach – an approach to providing SEN support in which the school provides support in successive cycles of assessing the pupil's needs, planning the provision, implementing the plan, and reviewing the impact of the action on the pupil

Intervention – a short-term, targeted approach to teaching a pupil with a specific outcome in mind

Local offer – information provided by the local authority which explains what services and support are on offer for pupils with SEN in the local area

Outcome – target for improvement for pupils with SEND. These targets don't necessarily have to be related to academic attainment

Reasonable adjustments – changes that the school must make to remove or reduce any disadvantages caused by a child's disability

SENCO – the special educational needs co-ordinator

SEN – special educational needs

SEND – special educational needs and disabilities

SEND Code of Practice – the statutory guidance that schools must follow to support children with SEND

SEN information report – a report that schools must publish on their website, that explains how the school supports pupils with SEN

SEN support – special educational provision which meets the needs of pupils with SEN

Transition – when a pupil moves between years, phases, schools or institutions or life stages
